

Solvent based cleaner specifically designed for quick and effective removal of cured epoxy residues

PRODUCT BENEFITS

- Solvent Based Epoxy Stain Remover
- Removes Cured Epoxy
- Easy to Apply
- Quick and Effective

USAGE

Recommended Surfaces

- Glazed and Unglazed Floor Tile
- Marble
- Stone
- Slate
- Terrazzo
- Terracotta
- Brick

PACKAGING SIZE

1 L

COVERAGE

1 L approximately covers 10-15 m² per litre depending on the nature of the surface and method of application

TECHNICAL DATA

• Form	Liquid
• Colors	Transparent Yellow
• Specific Gravity	1.142
• Shelf Life	12 months
• pH	1 - 2

INSTRUCTIONS

DIRECTIONS

- Always ensure good ventilation, i.e. open windows and doors.
- Turn off appliances, i.e. gas and electric fires, etc.
- Protect surrounding areas from damage, i.e. paint work, plastics, textiles.
- Wear suitable protective clothing.
- Always store in a cool place to opening.

APPLICATION METHOD

- Always work in small area, i.e. less than 0.5 m.
- Apply generously to the area required. Leave to work for approximately 4 - 5 minutes.
- Once epoxy grout has softened, carefully remove with a suitable tool, i.e. a palette knife.
- Repeat process if necessary to remove all deposits.
- Wash down the area immediately afterwards with detergent and cold water.
- Always dispose of any waste thoroughly

STORAGE AND HANDLING

May be harmful if swallowed. May cause skin, eye and respiratory irritation. Do not inhale. Avoid prolong exposure to product. Use in a well ventilated area. Do not ingest. **KEEP OUT OF THE REACH OF THE CHILDREN.** Do not freeze or store above 40° C. Do not mix with other chemicals

EMERGENCY/FIRST AID

- Ingestion: Do not induce vomiting. Call a physician
- Eye Contact: Flush thoroughly with water for at least 15 minutes. Remove contact lenses, if applicable, and continue flushing. Call a physician if eye irritation persists.
- Skin Contact: Wash skin with mild soap and water. Call a physician if skin irritation persists. Wash clothes before wearing again.
- Inhalation: Remove to fresh air. Call a physician if respiratory irritation persists.
